Most purchased parts are used parts. There is therefore a chance that the product will become defective or will soon become defective.

That is why Sijtsma trading company, from now on referred to as seller, gives a 6-month warranty on all products. Except electronics.

The customer has the right to claim the purchase value minus shipping costs, or to receive another product of the same value. The condition is that the purchased product must be returned.

Funds will only be deposited if the part is returned undamaged in its original packaging, and the seller has been contacted about this in advance. This must be done no later than 14 days after receipt of the goods.

Because the seller wants to keep the return flow as small as possible, each article is stated as clearly as possible for which car type the part can be used. If in doubt, it is best to always contact us in advance.

Are you still not satisfied with the product? Then you can always return the product. However, 10% of the order value will be charged as handling costs for this, with a maximum of 10 euros. Any shipping costs incurred will not be credited.

The seller can never be held liable for defects to vehicles due to delivered goods. The seller can also not be held liable for key hours incurred for the assembly of a purchased product.
